

Association of Professional Heritage Practitioners

CALL FOR NOMINATIONS TO SERVE ON THE APHP EXECUTIVE COMMITTEE

ExCo needs at least 1 new member in order to function as described in the constitution.

The Executive Committee of the APHP provides crucial day to day management and decision making for the Association. Without this vital function the APHP will cease to exist as an effective body representing and promoting the heritage profession. Currently the members of the Executive Committee are Dorelle Sapere, David Gibbs, Jonathan Stone and Yasmin Mayat all of whom have another year to serve in their two year cycle. Elwin Harlech-Jones and William Martinson are at the end of their two year term and are prepared to stand for re-election, and Gavin McLachlan is at the end of his second two year term and for personal reasons has decided not to stand for another two year term.

The APHP Constitution defines a quorate Executive Committee as comprising a minimum of 7 members, but the clause added after last year's AGM allows the Executive Committee to function with 6 in exceptional circumstances.

It is very important that we receive nominations from members willing to serve on the ExCo. If you are interested, if you want to advance your standing in heritage, or if you know of someone who may be interested, please use the attached nomination form which should be emailed to our secretary by not later than 24th May 2023.
